

ASHRAE Hampton Roads Chapter is pleased to present the **2017-2018 Chapter Meeting Schedule**. At each meeting please join us for a meal, fellowship, and exciting topics from top experts in the HVAC&R industry. Our monthly meetings are a cost-effective way to stay current with industry trends and meet continuing education requirements. Meeting dues goes a long way to cover not only our meeting costs but ASHRAE research and funding scholarships, such as our chapter endowment to Old Dominion University. Lastly, please consider our Seasons Pass, which helps us plan for the year and offers a tremendous value; the sooner you purchase the pass the better the value.

Thursday, September 14th 2017 - “High-Rise Fire Protection”

Rick Alpert with Carotek, Inc., in a Joint Meeting with ASPE (American Society of Plumbing Engineers) will present on high-rise fire protection. This presentation will discuss the definition of a high-rise building; the code and standard requirements applicable to high rise buildings; the required water based fire protection systems and equipment; and the system design and installation requirements that the designer of record needs to consider to provide a design that meets the code requirements while being integrated with the building architecture and other support systems.
