

# Speaker Biographies

**John Castelvecchi, PE, HFDP**  
**Shultz & James, Inc.**

John Castelvecchi, a 37-year veteran in the engineering and design of HVAC systems, is employed by Shultz & James, Inc. as a Sales Engineer. In this role he works with engineers in applying the products represented by Shultz & James. He focuses on engineered products, laboratory controls, flow measurement, and hospital systems.

Prior to joining Shultz & James in 2001, John worked with Dominion Evantage as a project developer evaluating customer systems and energy upgrades for the performance contracting division of Dominion Energy. Additionally, John worked for Hankins and Anderson, Inc. as a Project engineer and manager for HVAC projects. John worked on designing hospital systems, lab systems, and HVAC systems for government facilities.

John currently serves on ASHRAE TC 9.10 Laboratories, ASHRAE TC 9.6 Healthcare, and ASHRAE TC 7.9 Commissioning. With TC 9.10, John authored part of the 2<sup>nd</sup> addition of the ASHRAE Laboratory Design Guide, leading the chapters on Exhaust Hoods, Controls, and Commissioning. Previously, he helped develop ASHRAE Guideline 0-2005, The Commissioning Process, and ASHRAE Guideline 1.1-2007 HVAC&R Technical Requirements for the Commissioning Process. John received the ASHRAE Distinguished Service Award in 2007. John served in various positions with the Richmond Chapter and is a past-president of the Richmond Chapter.

He received his Bachelor of Mechanical Engineering from Virginia Polytechnic Institute & State University in 1981 and his Master's in Business Administration from Virginia Polytechnic Institute & State University in 2000 and has holds a Professional Engineer license in Virginia, North Carolina, and the District of Columbia. He has volunteered in various roles with the Boy Scouts of America more than 26 years.
