ASHRAE

What: Steam System Fundamentals Workshop

Who: Members, Prospective members and all interested HVAC&R Associates

Date: Thursday, September 13, 2007

Place: Damuth Trane
1100 Cavalier Boulevard,
Chesapeake, VA 23323
Call 558-0200 for directions.

Lunch: Will be provided.

Events: 8:30 - 4:00 pm

Cost: Members & Guests \$150

Reservations: Please confirm your reservations by contacting Dick Brown at Phone: 478-7962 or E-mail, dickbrown@spirax.com before 5:00 pm, Thursday, September 6th.

*President - Douglas Henderson
President Elect - Steve Lowe
Vice President - Korin Charter
Secretary - Open
Treasurer - Steve Zellner*

SEPTEMBER SCHEDULED PROGRAM

Stream System Fundamentals & Clean Steam Products

See attached Flyer for more details.

Reminder:

Please update your biography on the ASHRAE website. We will be updating our E-mailing list soon and using the listed E-mail address will be our first step to updating. For more information on how to update your biography, please contact Douglas Henderson, our acting chair, or visit www.ashrae.org.

Thank you.

Chapter cannot act on behalf of the Society.

From the Presidents Pen

Dear Members,

This year's Chapter Region Conference (CRC) was held in Norfolk, Virginia. Thirteen chapters from Virginia, District of Columbia, Pennsylvania, and New Jersey attended the conference. Under the dedicated leadership of the Hampton Road's Chapter Chairperson Nancy Mitchell-Veeck the CRC was a huge success. Nancy's committee included Rennie Tisdale (Vice Chairman), Ben Sablan, Joseph Hahn, Don Larsson, Scott Almond, Korin Carter and Bill Lakin. The CRC featured a day long technical session on sustainable design and other topics like chemical, biological and radiological agent exposures. There was a welcome reception on the Carrie B that provided the "out-of-towners" with the magnitude of the naval forces in Norfolk, Virginia. I would like to thank each of the committee members for all their hard work. Next year's CRC is in Washington D.C.

Now for the bad news, the lack of volunteers for the Hampton Roads ASHRAE chapter has probably hit an all time low. All the board members are serving in two positions. The past two presidents are also helping with committee positions. We are in dire need of additional volunteers. If you would be interesting in serving as a committee chairman or just help in a position please let me know.

Sincerely,

Douglas Henderson
President

CALL TO SERVE

We still have a number of needs on our grassroots committees and the Chapter Secretary. We need your help to fill these positions. If you would like to participate or know someone that can participate in one of these roles, please contact one of the board members. Our chapter is only as good as its volunteers so thank you all for your support.

Steam System Fundamentals & Clean Steam Products

Date: Thursday, September 13, 2007

Time: 8:30 A.M. - 4:00 P.M. (lunch will be provided)

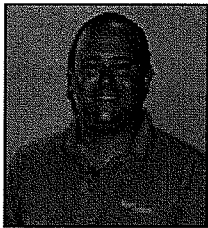

Location: Damuth TRANE
1100 Cavalier Blvd., Chesapeake, VA 23323

Who Should Attend:

Engineers and Maintenance Staff wishing to build or improve upon their knowledge of steam, steam utilization and clean steam equipment.

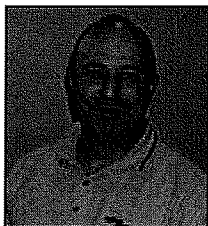

Subjects Covered:

Steam Fundamentals, Generation & Distribution, Steam Utilization & Recovery, Clean Steam Generators, Pure Steam Generators and Pharmaceutical WFI

Instructor

John Postiglione is the Eastern Regional Manager for Spirax Ultrapure. He has more than 15 years of water purification experience. John's primary responsibility is project management and sales. He also is involved in system design, validation, and market analysis. Postiglione is an AIA accredited speaker on water purification. He has presented at NJISPE Chapter Day, INTERPHEX, and other local and national events. Postiglione currently sits on the Board of Directors of the New Jersey Chapter as the President. He also chairs the NJ Education Committee which responsibilities include educational series. John is also involved nationally with ISPE sitting on the Education committee and co-chairing the Tampa Conference.

Instructor

Alan Standerwick is the South East Regional Service Engineer for Spirax Sarco Inc. He has worked for the company for over 20 years and has a mechanical engineering degree from Brunswick College in Gloucestershire, England. Alan's primary responsibility is to provide customer service in the form of commissioning & start-up of package systems, product repair and training. Alan is a member of the ISA and has CCST certification with the association. He has had articles published in the "Plant engineering" magazine.

Registration: Contact Dick Brown no later than September 6, 2007.

Phone: (757) 478-7962 • E-mail: dickbrown@spirax.com

Course Fee: \$150 payable by check the day of the event.

(A portion of the proceeds will be donated to ASHRAE Research Promotion.)

Earn Continuing Education Units (CEU's) for this course.
