Hampton Roads Chapter

Hampton Roads Chapter ASHRAE October 2017 Newsletter

Chapter cannot act on behalf of Society

Next Meeting - Tuesday, October 3rd Ice Storage Systems

Presented by Mark MacCracken of [Calmac](#)

Location: Clark Nexsen

[4525 Main Street, Virginia
Beach, Suite 1400](#)

Lunch and networking at
11:30. Tech session at noon.

\$20 Members

\$25 Non-members

Learn about air-conditioning solutions that make ice at night to cool buildings during the day. Topics include the similarities and complementary differences separating battery and thermal energy storage, modern energy pricing, and ways to lower operating costs while reducing demand on the electric grid during high peak times.

See chapter [website](#) for full details on the 2017-2018 technical program and updates.

Season passes available on the chapter website. Get nine lectures for the price of six.

Southside Boys and Girls Club

Our 2017 Energy 4 Kids event is sponsoring the Southside Boys and Girls Club, located in Norfolk. The Southside Boys and Girls Club is an affiliate of the National Boys & Girls Club and their mission is to “enable all young people, especially those who need us most, to reach their full potentials as productive, caring, responsible citizens.” A Boys & Girls Club provides: A safe place to learn and grow, ongoing relationships with caring, adult professionals, life-enhancing programs and character development experiences, hope and opportunity.

A team from IFMA and ASHRAE went out to inspect their site and determined a lighting project would be a good investment for their organization. With a generous contribution by Independent Lighting, the team will provide 95 LED panels, some miscellaneous Exit signs, and outdoor lighting fixtures.

Thank You to Our Annual Sponsors
